

CHADWICK LAWYERS

Product liability

For the past twenty years Simon Chadwick has been helping people who have been injured, sometimes permanently, by faulty and defective products to get the compensation they deserve. If you have suffered pain, injury or incapacity to function as usual due to a product encountered at home, work or leisure, turn to Simon for reliable and clear legal advice.

Product liability covers nearly every item we can buy, from medicines to vehicles. When an item is for sale we assume the manufacturer has checked it meets Australia's stringent safety standards, that is of merchantable quality and fit for the purpose for which it was intended.
